Addendum 2:
014, 12-13 – Student Internet Access

1. What is the connectivity from the schools back to the NOC (2905 North 6th street, Abilene, Texas 79603)?
 - a. Each school is connected to the tech center by 1Gbps fiber.
2. Does Sprint ONLY need to provide internet access at the NOC (2905 North 6th street, Abilene, Texas 79603)?
 - a. As a base response, Internet access should be provided at the NOC. If a secondary NOC (co-location facility) is included, then transport from the NOC to the co-location would need to be included and Internet Access would be provided from the co-location facility.
3. Will this be awarded to one provider? Or will you separate out the Wireless and Wireline?
 - a. It is the preference to award to Student Internet Access response to one provider; however, this RFP can be awarded to multiple providers if it is in the best interest of AISD.
