RE: Addendum #1, RFP #29-2011

RFP# 29-2011, Managed Internet Services Questions and Responses

The following question and answer response addendum is a compilation of clarification questions submitted via email.

1. Can you provide floor plans with IT closets marked?
 - a. Maps can be downloaded from the following:
Campus Maps- <http://www.eps4.com/LCISD-FloorPlans-PDF.zip>
2. Can you provide the bid response forms in word format?
 - a. Forms can be downloaded at:
RFP Forms- <http://www.eps4.com/29-2011-LCISD-Forms.doc>
3. Is there a subset of facilities that are optional or have a different priority?
 - a. Yes, Powell Point Elementary School in Kendleton, TX should be priced and scheduled separately.
NPA/NXX 979532
4. What is the physical address for the new satellite transportation center / data center?
 - a. 29826 FM 1093, Fulshear Texas 77411.
5. What vendors have requested a copy of the RFP?
 - a. Below is a list of known vendors receiving the RFP. Online and vendor distribution is not accounted for in this list.
 - ATT
 - Cogent Communications
 - Comcast
 - Conterra Broadband
 - Education Networks of America
 - Genesis
 - NWN Corporation
 - PAETEC Communications, Inc.
 - Phonoscope
 - Suddenlink

- Time Warner Cable
- Unite Private Networks
- Verizon
- Windstream
- Zayo
- Internap
- SchoolDesk.

6. How should we document our exceptions to the RFP?

- a. For ease of review by the selection committee, please do not imbed exceptions throughout the proposal itself. Please document exceptions on a single page such as:

Section 2.0 Terms and Conditions

2.12 Access

Our technicians work 8-5 and interpret “reasonable hours” as such.

2.13 Termination for Convenience of LCISD

We agree to a performance termination clause and to a non-appropriations clause.....

7. What does the “acknowledgement letter” reference in References and Bid Qualifications section?

- a. See section 2.5.1 Interpretation, Corrections and/or Changes and Signed Notice and Addenda Form.

8. Please confirm that LCISD does not have Palo Alto firewall devices deployed currently?

- a. LCISD does not have Palo Alto firewall devices currently deployed.

9. How much bandwidth is required for the network to network interface (NNI) between the cellular data network and the managed IP transport network?

- a. Initial baseline will be 100 Mb with the ability to grow as needed.

10. If Managed Hosting is a section that will be amended to the contract, we need to understand the requirement for billing. We are not able to make one bill for both Managed Internet Services and Managed Hosting Services.

- a. Separate billing is acceptable.

11. In order to provide as competitive pricing as possible for connectivity (Internet Access) services, would Lamar Consolidated ISD please consider a 7 week extension to the RFP?

- a. No, LCISD will not allow a 7 week extension.

12. Additional Hosted Managed Services Information Section 3.3.8.1.

- a. Web Services and Web Hosting Requested Services:

- Provide integration via LDAP to district AD services to:
 - Automate account management – i.e., SiteFinity Accounts
 - Integrated into AD for network single sign on
